INTRODUCTION/OVERVIEW OF THE COURSE

Bachelor of Computer Science with Honours covers the domain of the Computer Science and Software Engineering. The opportunity for graduates in Computer Science globally is tremendous as the demand for computer science graduates now outweighs supply. Other than preparing graduates for the general software industry, graduates from this program will have a strong foundation in data science – a discipline where the demand for such graduates is expected to grow exponentially. If you are interested in working with the next new gadget or app the world is talking about, introducing new technology changing the world, this program is for you.
