

# CALL

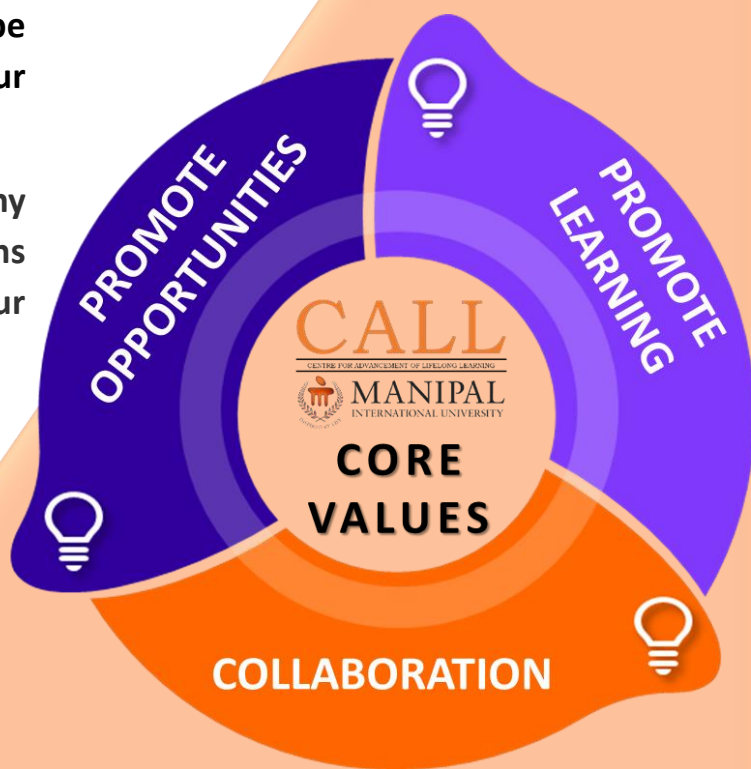

The Centre for Advancement of Lifelong Learning (CALL) was established with the objective of providing promoting lifelong learning and essential professional learning programmes to adult learners .

We believe that everyone regardless of age can learn and everyone has the potential to grow. Learning opportunities should be everywhere not limited to schooling on our childhood and adolescent years.

Lifelong Learning may encompass many different Forms of Learning which means learning to better support ourselves, our families, and our communities.

# BE WHO YOU WANT TO BE

Our motto is all about you, and any answer can be right if it leads you on the path to a fulfilling life and achieving your goals.
