Our Ecosystem

The Centre for Advancement of Lifelong Learning (CALL) was established in 2020 with the objective of providing training programmes and promoting lifelong learning to adult learners. Our wide-ranging programmes cater for those looking to develop themselves professionally and make the next step forward in their careers.

OUR MISSION

- To be a centre of excellence for multidisciplinary professional education and lifelong learning on technical and vocational education by distribution of knowledge relevant to the resolution of pressing national and international education.

OUR VISION

- Empower all individuals through improved skills, knowledge, and nationally and internationally recognised qualifications to gain access to decent employment and ensure competitiveness in the global market.
